Q32. Are there any other areas, services, or programs (not addressed in the list above) that you think should receive Student Services fee funding?

Count	Percent	
50	100.00%	
Count	Percent	
1	2.00%	\$ for club sports
1	2.00%	Academic tutoring when Professor office hours are not available or compatible. Students that are not designated in a "special" program have an impossible time securing additional help.
1	2.00%	Additional advisory support for students trying to register and make wise scholastic and career decisions.
1	2.00%	As far as I know, UA has a very large population of students from other states. More scholarship opportunities should be given to these students. With the increase in air travel and the cost of attending school, especially with the way the economy is, this might prevent the loss of enrollment. Many parents are considering having their children go to school closer to home due to increased costs.
1	2.00%	At a time when the University needs to be extremely efficient in its program priorities, it's okay to allow some of the "social issues"---anti-abortion, etc, fall by the wayside in order to more fully fund curriculum. One difficulty my daughter has had with the engineering program was the lack of interest by most of the teachers in developing a cooperative situation that might keep women involved in the program.
1	2.00%	Better communication with UAPD and actual interaction with student populations instead of reactive response only
1	2.00%	Campus health gets pretty busy, more funding there would help students to no miss as much class time.
1	2.00%	Career Services - internship and job placement services

1	2.00%	<input type="text"/>	Continued focus on integrating incoming freshman into positive learning and study habits.
1	2.00%	<input type="text"/>	Continued healthy food/meal options on campus, especially at the union.
1	2.00%	<input type="text"/>	contribute money to the parent group to help with summer send-off out of state get togethers
1	2.00%	<input type="text"/>	Cost of Parking (Adjustment to factors such as Income, Handicap, etc)- Sufficient parking availability
1	2.00%	<input type="text"/>	Expand the hours of student medical services to include the weekend and evenings.
1	2.00%	<input type="text"/>	Financial Aid
1	2.00%	<input type="text"/>	Friday evening and weekend on-campus food options are too severely limited. Also, cafeteria-style offerings such as the Redington should be expanded rather than more fast-food Weekend on-campus activities are too limited. Movies and concerts should happen more on weekends rather than mid-week
1	2.00%	<input type="text"/>	I am interested in more food choices not necessarily pricing...too many sandwich options
1	2.00%	<input type="text"/>	I have read many stories on line and from my student at UA,I believe much more security is needed on campus, in several locations..It is horrible for a parent to read about gun point hold up on students walking on campus...that should be first and foremost on the top of the list for spending student money..you just can be with out enough security..Saftey is #1 ..Better safe than sorry!!!!
1	2.00%	<input type="text"/>	I think the State of Arizona has abdicated its responsibility to provide higher education. Many of the items being funded by the Student Services fee should be funded by the University as part of its overall funding
1	2.00%	<input type="text"/>	I think the Student Services Department is doing a wonderful job.
1	2.00%	<input type="text"/>	I think the students should be made more aware of safety issues regarding trips to Mexico, and Greek excursions to Mexico should not be allowed.
1	2.00%	<input type="text"/>	I want to emphasize that healthy food choices need to be a priority. Student Union food seems to be all fast food related. Core is the only place with fresh veggies.
1	2.00%	<input type="text"/>	I would like to see more upper class (other than freshman) close to campus housing options researched and developed. Going hand-in-hand with that housing, more on-campus or close to campus student parking options.
1	2.00%	<input type="text"/>	I would like to see additional support for the SALT Program.
1	2.00%	<input type="text"/>	I'm not really sure how much my son uses any of these services, but I think they are important to providing a diverse, safe campus life.
1	2.00%	<input type="text"/>	Included in counseling services: intervention/identification of those students with eating disorders.
1	2.00%	<input type="text"/>	increase on campus parking facilities/reduced rates
1	2.00%	<input type="text"/>	Increase private security services.
1	2.00%	<input type="text"/>	Information related to safety and security in off-campus housing.
1	2.00%	<input type="text"/>	Keep tuition low! Get rid of the "touchy feely" junk, revamp Welcome Weekend (which was a HUGE waste of time)
1	2.00%	<input type="text"/>	Keeping tuition fees at the same rate until the student graduates and only do increases for incoming students whether it be freshmen or transfer. Her scholarship will not continue to cover the costs because of the increased tuition rates. Scholarships should be adjusted to reflect the increases so students can finish their degrees without worrying about the financial burden.
1	2.00%	<input type="text"/>	lower tuition for out-of-state students

1	2.00%	<input type="text"/>	no, well covered here
1	2.00%	<input type="text"/>	None.
1	2.00%	<input type="text"/>	not at this time
1	2.00%	<input type="text"/>	Not sure if it applies- but closed classes seems to be a huge problem-so if we need to increase class size or hire mpre teachers- the problem should be addressed.The university will be losing alot of out of state tuition if this problem is not resolved soon.
1	2.00%	<input type="text"/>	PERG
		<input type="text"/>	

1	2.00%		Promote a Mentoring Program for students who are having a hard time adjusting ad reaching out to other students. Advertise and make known.
1	2.00%	<input type="text"/>	Put a freeze on tuition for undergraduate out of state honor students so that their honors scholarship allows them to concentrate on studies rather than work study so that they can go to school without obtaining a student loan.
1	2.00%	<input type="text"/>	scholarships
1	2.00%	<input type="text"/>	The University should consider developing a storage facility for students to store things during the summer instead of throwing stuff away.
1	2.00%	<input type="text"/>	The UofA has aggressively recruited for students outside of Arizona. Over 37 percent of the student population is from outside of the state. Yet with budget cuts this surely has taken a psychological effect on the students. Especially with the side of outside tuition going up so much. There should be some kind of out reach for these students. Helping them cope with the financial side of college helping to find scholarships or other ways to pay for college.
1	2.00%	<input type="text"/>	upgrade in dorms (new furnitures & mattresses) more bus (cat tran) routes to local apartments Thanks, I do hope you do read all suggestions,ideas,& comments and really do consideration all's input.
